SUMMARY OF THE REASONS FOR DECISION:

The computer image file entitled *07ns003.jpg* is classified as:
Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

The file explicitly depicts sexual activity in the nature of bondage, with some nudity, in that it shows a woman posing in a sexual manner while restrained using rope. The woman does not appear distressed or coerced but rather presents as a model deliberately posing. The explicit content of bondage, presented in a manner clearly intended for viewer sexual arousal, makes the publication inappropriate for a non-adult audience. Consequently, the availability of the publication is likely to be injurious to the public good unless it is restricted to an adult audience.

The classification of this publication as a restricted publication represents a limit on the freedom of expression as set out in s14 of the New Zealand Bill of Rights Act 1990. However, considering the explicit and sexual nature of the publication, restricting the publication to an adult audience is considered to be the least intrusive option available to achieve the objective of preventing the likelihood of injury to the public good. The Classification Office believes that such a restriction is a reasonable limit that is consistent with the values of a free and democratic society.
